

Official Whole Grains Report Card

Dear Manager,

You've been visited by a customer who loves the delicious hearty taste of whole grains. Here's what we found:

- Whole grain choice(s) in the breadbasket
- Whole grain choice(s) on the menu or on request
- No whole grain options

We are planning to:

- Ask the Whole Grains Council to list your restaurant on their web-based "Whole Grain Finder" to attract more customers to your tables.
- Come back again next month and give you another chance. We hope you'll start serving whole grains soon.

Visit www.WholeGrainsCouncil.org to learn how the WGC can help you find and prepare delicious whole grain products, and can help promote your restaurant.
